

Sound of Music – Favourite things

Neil Pryde with Kona and then JP with Starboard
Freewave with Slalom is just what was ordered
Formula plane if the wind is 6 knots
And all of this racing is costing quite lots

Raindrops on windscreens and no wind or racing
Here at the seaside it is ever so bracing
Tatty old sailbags all tied down with rope
I'm sat on my arse and beginning to mope

Sailors in board shorts when they should know better
Wetsuits must be worn it says in the letter
Opaque sail panels patched with gaffer tape
The crutch in my wetsuits' beginning to gape

When the salt bites
When the rain stings
When I'm motion sick
I simply remember we're all really mad
And then I give Simmo some stick

Brief music interlude (Dance around)

Raining again and there's no wind or racing
Being here at Portland it's ever so bracing
Not enough downhaul I'm caught in a squall
And I'm being mullered it's no fun at all

Neil Pryde with Kona and JP with Starboard
Freewave with Slalom is just what was ordered
Formula plane when the wind is 6 knots (shake heads)
And all of this racing is costing quite lots

Uphauls and downhauls with outhauls and Chinooks
UJs and footstraps and harness and hooks
Pumping and railing and moaning like hell
I'm first to the top mark and doing quite well !

Then the phone rings
It's from Boardwise
They've a deal for you
Cos they haven't heard bout the credit crunch yet
So don't just buy one sail
Have two.
