We look after 4 UKWA ribs BUSKA, Tarifa, Rescue 1 and Marmite. We take them to events, fuel them up, launch and recover them, take them home and show them lots of love and attention.

As mark layers we work with the race officer to make sure that the correct course is in place for the conditions, fleets and piece of water.

As a rescue team we make sure that everybody is safe out on the water and if for any reason you need to go back to the shore then we will take you back. We also work with the race officer to make sure that we send you out to race in suitable conditions.
