

Sail Numbers

RSX - The national letters and sail number shall be black in colour and applied “back to back” on an opaque white background to the **sail** immediately above batten 4 and as close to the **leech** as possible. The opaque background shall extend a minimum of 30 mm beyond the national letters and sail number. In all other respects they shall comply with RRS Appendix G 1.2 for craft less than 3.5 m in length.

TECHNO - The national letters and sail number shall be black in colour and applied “back to back” on an opaque white background to the **sail**; positioned in the panel above batten 4 and as close to the **leech** as possible. The opaque background shall extend a minimum of 30 mm beyond the national letters and sail number. In all other respects they shall comply with RRS Appendix G 1.2 for craft less than 3.5 m in length.
